EDUCATION

B.Tech Computer Science, 2021 - 2025

EXPERIENCE

Backend Engineering Intern, Paytm

Mar 2025 - Sep 2025

- Built Node.js microservices exposing REST APIs for the merchant settlement flow
- Optimised PostgreSQL queries, cutting p95 latency from 840ms to 190ms
- Wrote Express middleware for authentication and audit logging
- Containerised services with Docker, deployed on AWS EKS
- Participated in Agile ceremonies and code review

PROJECTS

QueueRunner - Distributed job queue

- Node.js worker pool with Redis-backed queue
- REST API for job submission and status polling

SKILLS

JavaScript, Node.js, Express, PostgreSQL, SQL, REST APIs, Redis, Git, Docker, AWS, Linux, Agile
