EDUCATION

M.Sc Data Science, 2023 - 2025

EXPERIENCE

Data Science Intern, Mu Sigma

Jan 2025 - Jul 2025

- Built churn prediction models in Python using scikit-learn and XGBoost
- Cleaned and joined datasets with pandas across 14 source tables
- Wrote SQL queries against Snowflake for feature extraction
- Exposed one model behind a small Flask REST API for the product team
- Presented findings to stakeholders in weekly reviews

SKILLS

Python, pandas, NumPy, scikit-learn, XGBoost, SQL, Snowflake, Flask, Matplotlib, Jupyter, Statistics
